PROFILE

Results-driven Social Media Manager and Content Creator with hands-on experience managing Instagram and Facebook for an active Abu Dhabi client (Hair by Pannu). Skilled in short-form video, photo content, AI-powered content pipelines, and community growth. Currently based in Abu Dhabi with full availability for in-person shoots across multiple locations. Proven ability to build brand presence from scratch and deliver consistent, engaging content calendars.

CORE SKILLS

- **Instagram & TikTok Management** : Feed planning, Reels, Stories, TikTok video — content calendar execution
 - **Photo & Video Shoots** : On-location product and lifestyle shoots; comfortable operating provided camera & lighting rigs
 - **AI-Powered Content Creation** : Using AI tools to generate captions, hashtag sets, and schedule content at scale
 - **Brand Building** : Established full brand identity (name, palette, voice) for Hair by Pannu from zero
 - **Canva & Visual Design**: Carousel graphics, promotional banners, product showcase posts
 - **Analytics & Optimisation** : Post performance tracking, hashtag research, audience engagement analysis
 - **Content Automation**: Built Make.com pipelines to automate Instagram content publishing (Google Sheets → AI → Instagram)

EXPERIENCE

Social Media Manager & Content Creator | *Hair by Pannu (Mobile Hair Studio) · Freelance* · 2024 – Present

- Manage Instagram and Facebook pages end-to-end: content strategy, weekly calendar, captions, and hashtag sets
- Produce promotional posts, service carousels, and Reels content in line with a defined brand palette (navy blue and champagne gold)
- Built an AI-powered content automation pipeline (Google Sheets → OpenRouter/Gemini → Bannerbear → Instagram) using Make.com
- Established the brand from scratch — including name, domain, messaging tone, WhatsApp welcome scripts, and price list design
- Grew page engagement through consistent posting, audience-aligned hashtag strategy, and on-trend content formats

AI Automation Builder & Content Creator | *vibetechbee · Self-employed* · 2023 – Present

- Build-in-public brand on Instagram and LinkedIn (@vibetechbee) documenting real automation projects for non-technical audiences
- Produce educational carousels, Reels, and LinkedIn posts on AI tools, automation workflows, and no-code building
- Developed a 5-agent content pipeline (CIRE v2.0) and viral opportunity intelligence system for consistent content output
- Manage all content creation, scheduling, community engagement, and analytics independently

Operations / Driver | *Aman Taxi · Abu Dhabi · Current*

- Customer-facing operations role in Abu Dhabi — strong local market familiarity and time management under pressure
-
