

Dear Hiring Team,

I am excited to apply for the Freelance UAE English Content Writer position.

Based in Abu Dhabi, I have developed a strong understanding of the UAE market through daily interaction with people from diverse cultural and professional backgrounds. Alongside my professional work, I have been actively building my skills in content creation, SEO writing, AI-assisted research, digital marketing, and automation.

What attracted me to this opportunity is the chance to combine research, writing, and technology within the growing fintech sector. I have a genuine interest in digital banking, international money transfers, financial technology, and how these services impact everyday consumers.

I am comfortable researching complex topics and transforming them into clear, engaging, and reader-friendly content. I regularly use modern AI and content tools to support research, improve structure, and enhance content quality while ensuring accuracy and originality.

Although I am continuing to build my professional content writing portfolio, I bring strong discipline, attention to detail, independent working ability, and a willingness to learn quickly. I am comfortable working from structured briefs and producing content that aligns with specific objectives and audience needs.

I would welcome the opportunity to demonstrate my writing ability through your assessment process and contribute to creating high-quality content for your fintech client.

Thank you for your time and consideration. I look forward to hearing from you.

Kind regards,

Biswash [Surname] Abu Dhabi, UAE [Phone Number] [Email Address]
